

SIXTO FELICIANO ARREJIN

Full Stack Developer • React | Node.js | TypeScript

Cloud & DevOps • Information Systems Engineer

Corrientes, Argentina • arrejinsixto@gmail.com • +54 379 479-7572

Portfolio: sixto-arrejin.vercel.app • GitHub: github.com/SixtoArrejin • LinkedIn: linkedin.com/in/sixto-arrejin

PROFESSIONAL PROFILE

Information Systems Engineer focused on Full Stack development (React, Node.js, TypeScript). Designed and led the development of the management platform for the Secretariat of Science and Technology (UTN FRRe), managing its deployment in cloud environments for functional validation. Part of the core development team for Elepad, a social impact mobile application published on the Google Play Store as my Final Degree Project. Driven by building efficient solutions using agile methodologies, combining academic background with practical application of DevOps culture and Cloud environments in my projects.

PROFESSIONAL EXPERIENCE

Full Stack Developer

Secretariat of Science and Technology, National Technological University (UTN-FRRe) • Apr 2023 - Apr 2026 • Resistencia, Chaco | Hybrid

- Designed and developed the web platform for centralizing administrative processes and tracking research projects under the Manuel Belgrano Scholarship, accredited as a Supervised Professional Practice (PPS) — GitHub: github.com/SixtoArrejin/frre-scyt-research-manager
- Designed and implemented dynamic interfaces with React.js, ChakraUI, and TanStack Query, including complex state management.
- Developed a RESTful API with Node.js and Express under a multi-layer architecture (controllers, services, repositories) to ensure scalability and maintainability.
- Managed the PostgreSQL database with Prisma ORM, including migrations and query performance optimizations.
- Implemented secure authentication using JWT and password hashing (bcrypt).
- Configured continuous deployment (CI/CD) in a cloud environment (Render) with environment variable management for functional validation and stakeholder approval.

FEATURED PROJECTS

Elepad – Mobile Application for Senior Citizens

Final Degree Project | National Technological University (UTN-FRRe) • Mar 2025 - Mar 2026 • Resistencia, Chaco

- Developed a mobile application published on the Google Play Store for cognitive stimulation, daily routines, and intergenerational connection — Play Store: play.google.com/store/apps/details?id=com.elepadorg.elepad | GitHub: github.com/elepad-org/Elepad
- Implemented stack: React Native + Expo (iOS/Android/Web), TypeScript, Cloudflare Workers (serverless backend), Supabase (JWT + Google OAuth authentication, storage, PostgreSQL).
- Configured monorepo architecture with Turborepo, CI/CD with GitHub Actions (7 releases under Scrum methodology).
- Designed features: adaptive calendar, cognitive games, shared memory gallery, statistics, and family monitoring.
- Project originated from a winning proposal at the Latin American Innovation Rally 2024 (3rd place, Social Impact). Team of 5 people.

DevOps: Kubernetes, High Availability, and Observability

Academic Project | National Technological University (UTN-FRRe) • Oct - Nov 2025 • Resistencia, Chaco

- Implemented orchestration with Kubernetes (K3d): 1 control-plane + 2 workers, with 2 backend replicas and podAntiAffinity for distribution.
- Configured full observability: OpenTelemetry → Tempo (traces), Prometheus (metrics), Grafana (dashboards).
- Defined custom metrics: RPS, p95/p50 latency, CPU, memory, restarts. Validated resilience through resource saturation.

DevOps: Containerization and CI/CD on Azure

Academic Project | National Technological University (UTN-FRRe) • Aug - Sep 2025 • Resistencia, Chaco

- Containerized a web application (Next.js frontend, Flask backend, Redis cache) using Docker and Docker Compose.
- Implemented CI/CD pipeline with GitHub Actions: automatic build, push to Azure Container Registry, and deploy to Azure Container Instances.
- Designed a decoupled service architecture communicating via REST API.

Data Warehouse & Business Intelligence: Record Label

Academic Project | National Technological University (UTN-FRRe) • Apr - Jun 2025 • Resistencia, Chaco

- Designed a complete BI solution: 3 fact tables (Sales, Contracts, Productions) handling Slowly Changing Dimensions (SCD).
- Implemented ETL processes with SSIS for data integration and transformation. Built OLAP cubes with SSAS for multidimensional analysis.
- Developed interactive dashboards in Power BI: ROI by artist/record, unmet demand, revenue by region, temporal analysis.

Play Finder – Sports Facility Booking Management

ADUSI Capstone Project | National Technological University (UTN-FRRe) • Mar - Dec 2023 • Resistencia, Chaco

- Developed a Full Stack web application (React, TypeScript, Node.js, Prisma, PostgreSQL) for managing and booking sports facilities — GitHub: github.com/agustinbravop/utn-seminario
- Implemented a layered architecture, robust authentication (JWT and Google OAuth), and containerized deployment with Docker on Azure.
- Worked in a 7-person team under Scrum methodology to cover the entire software lifecycle.

EDUCATION

Information Systems Engineer

UTN - Facultad Regional Resistencia (UTN-FRRe) | Completed: March 2021 – March 2026 | GPA: 8.55/10

University Software Developer Analyst (ADUSI)

UTN - Facultad Regional Resistencia (UTN-FRRe) | Completed: March 2021 – July 2024

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, SQL

Frontend: React.js, Next.js, React Native, HTML5, CSS3, ChakraUI, Tailwind CSS, TanStack Query

Backend & DB: Node.js, Express.js, REST APIs, PostgreSQL, MySQL, Prisma ORM, Supabase, Redis, JWT/OAuth

DevOps & Cloud: Docker, Kubernetes, Terraform, CI/CD (GitHub Actions), Azure, Cloudflare Workers, Render

Data & BI: Power BI, SQL Server (SSIS/SSAS), Pandas, NumPy, Scikit-learn

Tools: Git, GitHub, Scrum, Jira, OpenTelemetry, Prometheus, Grafana

AWARDS & CERTIFICATIONS

3rd Place - Latin American Innovation Rally 2024

Social Impact Category | Project Elepad (Team Gang of Four, INTECNOR/UTN-FRRe) • October 2024

Scrum Fundamentals Certified (SFC)

SCRUMstudy - Accreditation Body for Scrum and Agile (Credential ID: 1040148) • July 2024

LANGUAGES

Spanish (Native) • **English** (Intermediate, technical and professional use)
